

Aggressive Launches Enhanced Web Support for Policyholders

7-15-11 Aggressive Insurance is pleased to introduce a new web interface for its policyholders. Through a link on the company's website, www.AggressiveUSA.com, policyholders may get access to a variety of services for their own policies. This includes the ability to make a payment by credit card or E-check and view their current coverage and status. They also have the option to reprint their ID cards and their policy Declarations Pages. Through this feature they may, in fact, "go paperless" and not need to retain copies of their insurance documents in paper form. In addition to the website link, they may also access www.AggressiveInsured.com

For more information, please contact your marketing representative or Patti Romo at (972) 827-3651 or Patti.Romo@AggressiveUSA.com
